

PRESENTATION OF THE MUSIC BAND PADEQUA

The history of **Padequa** (to be understood as „pas de quoi“ in French, „not at all“ in English and „nie je zač“ in Slovak) started in Autumn 2008 when we decided to put together to play some music.

The band is led by **Zdenka Kvasková** (singer, guitarist) and together with her there are 3 obedient boys playing – **Jaro Ďurček** (guitarist, a member of the group „dalla mattina alla sera“), **Tomáš „Frapko“ Fesič** (bassguitarist and brother of Matej „Mafej“ Fesič) and **Matej „Mafej“ Fesič** (drummer, a member of the group „6 čerstvých tatranských vajec“ and brother of Tomáš „Frapko“ Fesič.) As it turned out that our first lineup hadn't been definitive, we at least mention and send our best regards to our friends and former drumming members **Dalibor „Dalis“ Jeník** and **Peter „Pipo“ Šima**. It was Dalis who drummed with us at our first successful performance that took place in competition „**Prešovský Liverpool**“ on 12. 12. 2008. We carried off the first place, t-shirts and a tent.

Some old recordings from our practice room (oneMICrecords as we call them) were replaced by the new ones recorded at **Hardy Studio** in Malý Šariš on the last day of February 2009. We have recorded 4 of our songs that are available on our myspace site: www.myspace.com/padequa.

Our songwriter Zdenka writes lyrics in four languages: **Slovak, Czech, Ruthenian** and **English** (three older songs). We play straight rock'n'roll music with only guitars and drums and without any computer sounds effects.

If you would like to contact us or if you are interested in our demo CD with a really nice cover, please, feel free to write us at padequa@gmail.com.

We hope to see and play to you soon at any of our **concerts** as we think that once seen is better than hundred times heard.
